THE CONTEST SETTLED.

And the Democratic Candidates For Mayor and Council Win.

As stated in our last issue, the ballot box used in the Gas House precinct at the November election was opened by the officers of the election, at the request of Judge Cantrill, on Friday evening of last week and the ballots counted, showing a majority for the Democratic candidates for Mayor and Councilmen. The Republican officers of the election claimed that fraud had been perpetrated, in that the box had been opened since it was last in their hands and many of the 113 ballots, over which the squabble arose on the night of the election, had been changed; that in addition to showing the cross under the Republican device and opposite the name of Mr. Bridgeford, the Populist candidate for the Legislature, as the ballots did when they last saw them, they had been stamped with a different stencil and different colored ink opposite the name of the Democratic candidate for Mayor and also opposite the names of those Democratic candidates for Councilmen who ran behind in the other precincts; that the fraud was more apparent from the fact that Draffin, the Republican candidate for Senator, who was hardly known in the race, carried the precinct by 86 majority.

This charge of fraud being brought to the notice of the court by a protest placed in the box by Mr. Louis Weitzel, the Republican judge, Judge Cantrill, on Saturday, turned the box over to the attorneys on both sides, with the request that they examine the ballots and ascertain if there was further grounds for contest. A thorough examination was made and it is claimed by the attorneys for the Republicans, and others present at the examination, that the evidences of fraud were plain; but on Wednesday morning, when the court was asked to take cognizance of the fraud Judge Cantrill declined to do so unless the charge was made specific, which settled the matter so far as the contest for Mayor was concerned. The case of the councilmen was then passed until late in the afternoon when it was taken up, and after some argument was again postponed until Thursday morning and the ballots placed in the hands of two attorneys—one from each side—to ascertain if Mr. M. P. Gray, one of the Republican candidates in the second ward, was not elected. The count was made Thursday about noon, and it was found that Mr. Gray had failed of election, which fact was reported to the court at the afternoon session, when Judge Cantrill decided that

Judge Julian had been elected Mayor and dissolved the injunction against the Democratic Councilmen, which enabled them to go into office and take charge of the city's business.

It Got Here.

The cold wave, which has been so frequently predicted by the signal service and as often failed to arrive, finally got here Wednesday morning, after we had been enjoying a month or more of spring-like weather. Tuesday night it began to rain and blow, which continued until about eight o'clock Wednesday morning, when a heavy snow storm set in and continued until the flakes lay two inches deep on the ground. The mercury dropped about twenty degrees and the wind cut exceedingly keen. Thursday morning the thermometer registered one degree below zero, the coldest weather of the winter.

Money No Consideration.

We clip the following notice of a former Frankfort boy from the religious column of an exchange. It proves him to be a true soldier of the Cross, doing the work the Master has put into his hands, and not laboring for the money that is to be made in the ministry:

Rev. Wm. L. McEwan, of Webster Grove (Mo.) Presbyterian Church, who is receiving a salary of \$2,000 a year, declined two calls, one at a salary of \$4,500 and the other at \$5,000 a year, both unanimously tendered by wealthy city churches. He says that his work at Webster Grove needs him more than he needs money.

Let it run, and your cough may end in something serious. It's pretty sure to if your blood is poor. That is just the time and condition that invites Consumption. The seeds are sown and it has fastened its hold upon you, before you know that it is near.

It won't do to trifle and delay, when the remedy is at hand. Every disorder that can be reached through the blood yields to Dr. Pierce's Golden Medical Discovery. For severe coughs, bronchial, throat and lung diseases, asthma, scrofula in every form, and even the scrofulous affection of the lungs that's called Consumption, in all its earlier stages, it is a positive and complete cure.

It is the only blood-cleanser, strength-restorer and flesh-builder so effective that it can be guaranteed. If it doesn't benefit or cure, in every case, you have your money back.

Perfection is attained in Dr. Sage's Catarrh Remedy. It cures the worst cases. Only 50 cents; by druggist.

Entertained Their Friends.

Mr. Stewart and Miss Annie Wood entertained their friends at their home near Woodlake, Tuesday evening, in handsome style. There was a large company of young people present who tripped the light fantastic to music furnished by the Capital City Orchestra until a late hour.

Shiloh's Cure, the Great Cough and Croup Cure, is for sale by us. Pocket size contains twenty-five doses, only 25c. Children love it.

Going West to Grow.

Mr. Walker Stephens and family, his sons and daughters and their families—over forty souls in all—are making preparations to remove to Kansas City, Missouri, to reside. It is not often that so large a party emigrate from this community, but if the hard times and the scarcity of work still continue we may expect more of our people to follow their example.

County Clerk's Office Improved.

The office of County Clerk N. B. Smith has been neatly fitted up with steel dust-proof file boxes and roller cases for heavy books. The improvements are of the latest pattern and will render the records of the office much more secure than they have been heretofore.

Grasp the Opportunity.

Our enterprising druggist, P. H. CARPENTER, cordially invites you to try a 25c. bottle of Dr. Hale's Household Cough Cure. This new remedy acts quickly on the bronchial tubes, throat and lungs, lessens the desire to cough and heals mucous membrane. If consumption it will cure you. Pleasant to take. The children like it.

Fail to do Their Duty.

Everybody has at times failed to do their duty towards themselves. Hundreds of lady readers suffer from sick headache, nervousness, sleeplessness and female troubles. Let them follow the example of Mrs. H. Herbrechter, Stevens Point, Wis., who for five years suffered greatly from nervous prostration and sleeplessness, tried physicians and different medicines without success. But one bottle of Dr. Mile's Nerve caused sound sleep every night and she is feeling like a new person. Mrs. Elizabeth Wheeler, Laramie City, Wyoming, who tried all other remedies, declares that after three week's use of the Nerve for headache, nervous prostration, etc., she was entirely relieved. Sold by J. W. Gayle. Trial bottle free.
